

Prescription benefits

Convenient and affordable medication options.

Welcome to CVS Caremark® – we manage your new prescription benefit plan. We're here to help you get the medication you need and learn how to keep costs low.

Make sure you know how to get your medication.

You can pick up your medication at any pharmacy in your network. Some prescription benefits offer delivery by mail, too. Be sure to review your prescription benefit plan to see your options.

Tap into savings with digital tools.

Save time, keep costs down and stay on top of your prescriptions. Do it all at **Caremark.com** and the CVS Caremark mobile app.

- Find a network pharmacy to keep medication costs as low as possible
- See if a medication is covered to get the most affordable option

Generic medication

Same quality, better price.

We offer many generic options to help keep your medication as affordable as possible.

Generic medications work just like brand-name equals.

A generic has the same active ingredients, strength and dosage as its brand-name equal. It provides the same quality and performance. Generics don't have high development costs.¹ That's why they cost you less.

Generics are safe.

The U.S. Food and Drug Administration (FDA) requires generics to be as safe and effective as brand-name equals. Both types of medication must meet the same FDA standards.¹

Here's how to save with generics.

Current prescriptions: Ask your provider or pharmacist if you can replace your brand-name medication with a generic.

New prescriptions: Ask your provider if there's a generic option.
